2022 ONONDAGA LAKE CONSERVATION CORPS PHOTOGRAPHY EXHIBIT POLICIES/PROCEDURES

EXHIBIT PURPOSE:
The Onondaga Lake Conservation Corps' photography exhibit is intended to showcase Central New York photographers' images of Onondaga Lake's birds, other wildlife and their habitats, while educating the community about Onondaga Lake as an Audubon Important Bird Area. The exhibit is hosted by Onondaga Lake Conservation Corps with support from Audubon New York and Honeywell.

Theme: Celebrating 10 Years of Conservation and Community Engagement
Images of Onondaga Lake's birds and other wildlife, habitats and people enjoying the lake throughout the year will be considered.

POLICY:
Selection Process
We will accept images from the entire Central NY Community. A limit of ten photographs per individual may be submitted.

Photographers are responsible for submitting jpeg images to montezuma@audubon.org before **March 1**. For each work, the artist is to provide Audubon NY and Honeywell with the name of the photograph, the artist's name, phone number and email address. The photo title and artists name will be listed on display cards for each piece.

Audubon NY and Honeywell will select up to 30 images for the exhibit.

Audubon NY will pay for the printing and matting of the images and Audubon NY will own the images.

Sales and Commissions
The images will be sold at the exhibit to raise funds for the Audubon NY's Onondaga Lake Conservation Corps program.

Exhibition Procedures
Images will be 16" x 20" or 24" x 30" and displayed on walls at Honeywell's Onondaga Lake Visitors Center, 280 Restoration Way, Syracuse, NY 13209. **A virtual exhibit may be required if COVID-19 regulations prohibit a large, in-person gathering at Honeywell's Onondaga Lake Visitors Center.**

Custom fit bags will protect the images.

Audubon NY will take orders at the exhibit to sell additional photos. A virtual silent auction will be created if the photography exhibit is virtual.

Photographers are expected to be available during the exhibit to answer questions from our guests and discuss activities specific to their work. Audubon NY and Honeywell will have representatives available to answer questions about Onondaga Lake as an Important Bird Area, birds, habitat and other wildlife and the Onondaga Lake cleanup and restoration plan.

Participating photographers are encouraged to promote the exhibit to other organizations and colleagues through invitations, announcements and social media. Electronic invitations will be provided to photographers and partnering organizations.

Any and all media relations including press releases, written materials and interviews will be coordinated by Audubon NY and Honeywell. Any media inquiries must be directed to Audubon NY and/or Honeywell.

Audubon NY will distribute a press release to inform the media and community about the exhibit. Audubon NY will also arrange media tours and interviews prior to, and during the event.

Permission is granted to Audubon NY and Honeywell to photograph and reproduce any work submitted for the exhibition, unless otherwise stated in writing.

Event Date
Saturday, March 26, 9 a.m. to 4 p.m. if in-person.
Saturday, March 26, 10 a.m. to 11 a.m. if virtual.
