Got Trees? Get More from Your Woodlot Learn More, Earn More

*Free programs at the NY FARM SHOW February 20-22, 2014
State Fairgrounds, Syracuse, New York*

LIMA, NY: Fifteen free programs to help owners realize more benefits from their woodlots are scheduled during the 2014 Farm Show which will be held in Syracuse on February 20, 21, 22, 2014. Learn from experts. Earn more from your wood. All programs are free and open to all.

Topics include: Preventing timber theft, improved wildlife and bird habitat, timber sales, pest control, successful tree planting, profit from portable saw mills, feral hogs, help from consulting foresters, and protecting the family legacy.

"Learn More, Earn More" programs are presented by the New York Forest Owners Association with Cornell Cooperative Extension, the Department of Environmental Conservation and the SUNY College of Environmental Science and Forestry with additional support from the New York Farm Bureau, Audubon New York, and others.

These free programs are held in the Somerset Room on the lower level of the Arts and Home Center at the State Fairgrounds. Programs start on the hour and allow time for questions and discussion. Specific topics and times will be announced soon.

Visitors are also invited to stop by our booth which is located in the main corridor of the Arts and Home Center. Experienced woodland owners and professional foresters are on hand to answer your questions. "Learn More, Earn More" from free resource materials, displays and by chatting with experts.

New York Forest Owners Association

www.nyfoa.org

The mission of the New York Forest Owners Association (NYFOA) is to promote sustainable forestry practices and improved stewardship on privately owned woodlands in New York State. NYFOA is a not-for-profit group of people who care about NYS trees and forests and are interested in the thoughtful management of private forests for the benefit of current and future generations.
